ARB FULL EXTENSION FRIDGE SLIDE

February 2014

Practicality was top of mind for the ARB engineering team when developing ARB's new full extension fridge slide. This new product allows 35L and 47L ARB Fridge Freezers to be pulled out 100% for easy access.

ARB full extension fridge slide in action.

The ARB full extension fridge slide, which also features an additional storage area behind the fridge, can be locked into place when fully extended, allowing easy access even when the vehicle is on an extreme angle. Dual locking positions allow for locking into place during travelling, while adjustable anti-vibration pads reduce rattles on off road adventures.

Additional storage space is incorporated into the design with an accessory tray which is located between the back of the fridge slide and the fridge. This is ideal for storing items such as automotive batteries, water tanks, jerry cans or tool boxes.

For even more convenience, the full extension fridge slide can be installed on either the passenger or driver's side and has a flat base for easy mounting. A solid steel construction incorporating laser cut mounting points allows for the easy fitment of an optional ARB Fridge Freezer tie down kit, ARB cambuckle tie down strap and ARB battery clamp kit.

Built tough, the fridge slide has a maximum load of 120kg, with 80kg on the main tray and 40kg on the accessories tray. Built to last, a durable e-coat finish with zinc pre-coating and zinc plated hardware makes this fridge slide a long lasting and reliable addition to any four wheel drive.

The ARB full extension fridge slide will also suit any similar sized chest fridges. For more information or to find your closest ARB stockist, head to www.arb.com.au.

About ARB

Founded in 1975 in Melbourne, ARB 4x4 Accessories is now Australia's largest manufacturer and distributor of aftermarket 4WD accessories. With products including bull bars, protection equipment, Old Man Emu suspension, Air Lockers, roof racks, canopies and recovery equipment, our primary mission is to prepare vehicles for the remote and harsh conditions typically encountered off road. ARB currently has 47 stores and over a hundred stockists located across Australia, an office in Seattle, USA, and an export network reaching more than a hundred countries.

Fully packed, the full extension fridge slide holds up to 120kg.
