## ARB KIDS' SKYDOME SWAGS

February 2014

Get the kids started early in the great outdoors with the all new Fourby and Ariel SkyDome swags. With spacious and comfortable sleeping quarters, the swags offer an excellent camping option for families with young adventurers who want to experience all the excitement of their very own swag.

At three-quarters the full length of the original SkyDome swag, the children's version measures 750mmW x 1800mmL and is ideal for children up to 12 years. The swags are available in either Fourby blue or Ariel purple, with a print of the popular characters on the side and foot window awning for extra appeal.

Exceptional in wet conditions, the swag features a heavy duty 820gsm PVC base with welded seams for waterproofing. A heavy duty 450gsm water and rot proofed canvas top further protects the swag, while also providing heat reflection in warmer conditions. A waterproof base extends 75mm up the side of the swag to prevent water leakage from the ground, while a rain gutter is incorporated into the main entry door to inhibit water ingress.

With a comfortable 62mm corrugated foam mattress, the kids are sure to nod off quickly after those long days exploring, with the cover machine washable for extra convenience. YKK zips and fitted nylon mosquito net feature on all doors and windows, keeping those pesky creepy crawlies out, while four internal pockets plus mount hooks mean that the kids have a place for all the important knick-knacks like drink bottles and torches.

The freestanding design of the SkyDome allows for set up on most flat surfaces like sand, rock, concrete or the backyard, while the aluminium bows create a dome shape, helping to eliminate the enclosed feeling of a traditional swag and allowing the kids to move around more freely. Reflective guy ropes and pegs are also included with the swag for use in unfavourable weather conditions. When the camping trip is done and dusted, the swag features an easy roll up system with heavy duty buckles and soft grip handles for carrying and lugging into the boot.

A variety of additional touring and camping products are also available from ARB, including rooftop tents, awnings, SkyDome swags, track shelters and much more. Sold exclusively by ARB stores and authorised distributors, for more information on ARB's touring and camping range or details of the stockist nearest you, head to [www.arb.com.au](http://www.arb.com.au).

#### **About ARB**

Founded in 1975 in Melbourne, ARB 4x4 Accessories is now Australia's largest manufacturer and distributor of aftermarket 4WD accessories. With products including bull bars, protection equipment, Old Man Emu suspension, Air Lockers, roof racks, canopies and recovery equipment, our primary mission is to prepare vehicles for the remote and harsh conditions typically encountered off road. ARB currently has 47 stores and over a hundred stockists located across Australia, an office in Seattle, USA, and an export network reaching more than a hundred countries.
